PROFILE

Third-year Electronics and Telecommunication Engineering student with a strong interest in Software Development and Full Stack Web Development. Skilled in HTML, CSS, JavaScript, Python, Git, and GitHub, with hands-on experience building responsive web applications and practical software projects. Currently learning React.js, Data Structures & Algorithms, and backend development while continuously improving through real-world projects. Seeking software development internship opportunities where I can apply my technical skills, contribute to impactful projects, and grow as a developer.

EDUCATION

Shivajirao S. Jondhale College of Engineering <i>Bachelor of Engineering in Electronics & Telecommunication</i>	Dombivli, Maharashtra 2024 – 2028
Ramnarain Ruia Junior College <i>Higher Secondary Certificate (Science)</i>	Mumbai, Maharashtra 2022 – 2024

TECHNICAL SKILLS

Programming Languages: Python, JavaScript

Web Development: HTML, CSS, JavaScript, Responsive Web Design

Frameworks: React.js (Learning)

Tools: Git, GitHub, Visual Studio Code

PROJECTS

Quiz Application | *HTML, CSS, JavaScript*

- Developed an interactive quiz application featuring multiple-choice questions and automatic score calculation.
- Implemented dynamic question rendering and instant result generation using JavaScript.
- Designed a responsive user interface for desktop and mobile devices.
- Strengthened JavaScript DOM manipulation and event-handling skills.
- [GitHub](#)

To-Do List Application | *HTML, CSS, JavaScript*

- Developed a responsive task management application for organizing daily activities.
- Implemented features to add, edit, delete, and mark tasks as completed.
- Utilized JavaScript DOM manipulation and event handling to create an interactive user experience.
- Designed a clean and responsive interface compatible with desktop and mobile devices.
- [GitHub](#)

Expense Tracker | *Python, CSV*

- Developed a command-line expense tracker for recording and managing daily expenses.
- Implemented CSV-based persistent storage for efficient data management.
- Added functionality to categorize and view expense records.
- Strengthened Python file handling and structured data processing skills.
- [GitHub](#)

CERTIFICATIONS

• Google AI Essentials – Coursera (Google)	Jun 2026
• Deloitte Cyber Job Simulation – Forage	Jun 2025
• Deloitte Data Analytics Job Simulation – Forage	Jun 2025
• Tata Cybersecurity Analyst Job Simulation – Forage	Jan 2026
• Introduction to Cyber Security – Simplilearn	Jun 2026

ACHIEVEMENTS

- Built multiple software development projects using Python, HTML, CSS, and JavaScript.
- Maintained project repositories using Git and GitHub following version control best practices.
- Completed industry-recognized certifications in Artificial Intelligence, Cybersecurity, and Data Analytics.
- Continuously learning React.js and Data Structures & Algorithms through hands-on projects.

SOFT SKILLS

- Problem Solving
- Communication
- Teamwork
- Adaptability
- Time Management
- Continuous Learning
